# WHEN WAS THE LAST TIME YOU TRULY FELT *BEAUTIFUL* IN A PHOTO?

As women, many of us have flipped through fashion magazines, quietly wishing we could look as radiant as the celebrities on their pages. But who says you need to be a celebrity to be photographed like one?

My goal is to help you feel beautiful, empowered, seen, confident, and glamorous. I create portraits that you'll not only love but cherish for years to come. Join me for a fun, relaxed photography experience that will transform the way you see yourself—you deserve it.

## THE *CONSULTATION*

Every photo session begins with a personalised consultation to ensure your experience is seamless and tailored to your unique vision. During this time, we'll discuss all the details that will bring your session to life. From posing to wardrobe, I'll guide you through everything to help you feel confident and prepared. We'll explore wardrobe options, including my curated client collection of elegant dresses, jackets, and flowing fabrics, as well as any personal items you'd like to incorporate. Together, we'll create a look that complements your style and the overall aesthetic of the session.

Lighting is another important element we'll discuss—whether you prefer the soft, natural glow of outdoor light or the polished, dramatic effect of studio strobe lighting. We'll also dive into styling, focusing on cohesive colour palettes, textures, and meaningful props to personalise your session.

The location plays a key role in setting the tone of your photos. Whether you envision serene outdoor settings like a golden field or a cozy studio environment, I'll help you choose the perfect backdrop. If you'd like to include loved ones—such as your partner, best friend, mother, or baby—we'll plan how to incorporate them seamlessly into your session to capture heartfelt moments.

For maternity sessions, the best time to schedule your session is between 28–34 weeks. At this stage, your baby bump is beautifully rounded, and you're likely to still feel comfortable and have good mobility. Capturing your glow and the anticipation of welcoming your little one is a special moment, and planning your session during this timeframe ensures we document this milestone at its best.

Motherhood sessions are a celebration of the bond between you and your baby at any stage. If your baby is sitting unassisted or can hold their head up comfortably, we'll create images that showcase their emerging personality and your connection. These sessions are perfect for capturing tender moments of snuggles, play, and love, creating memories you'll treasure forever.

Lastly, we'll review the professional products and packages I offer, such as high-quality mounted prints in a folio box, and wall art. I'll guide you in selecting the best keepsakes to preserve your memories beautifully. By the end of our consultation, we'll have a clear plan to ensure your session feels effortless and results in stunning, meaningful portraits you'll cherish for a lifetime. Let's bring your vision to life together!

## WELCOME TO MY *HOME STUDIO*

I'm so excited to invite you to my private, cozy home studio located in the peaceful countryside of Widgee—just a short 15-minute drive from Gympie. This intimate space provides the perfect setting for your session, blending the beauty of natural light with professional studio lighting to create timeless portraits. Whether we're capturing the warmth of soft, golden sunlight or the polished elegance of studio lighting, the environment is designed to make you feel at ease and utterly pampered.

My studio is fully air-conditioned and designed for comfort and privacy, allowing you to relax and enjoy the experience. Beyond the studio itself, the surrounding landscape offers breathtaking outdoor locations, including open paddocks, tranquil creeks, and a stunning cliffside—perfect for adding a touch of natural beauty to your session. Whether you envision an intimate indoor portrait or a scenic outdoor backdrop, we have the best of both worlds right at our fingertips.

I can't wait to welcome you and create something truly special together!

## A FEW THINGS TO KNOW ABOUT *YOUR VISIT*

Since my studio is located in a peaceful, rural area, I want to make sure you're comfortable and well-prepared for your session. Please note that there are no major food shops or restaurants nearby, aside from a small local store that offers a limited selection of hot food, such as chips and burgers. If you'd like to grab something from there, I recommend arranging for someone to pick it up in advance to avoid interruptions during your session.

To help you stay energized and comfortable, I encourage you to bring along any snacks or meals you might want throughout the day. I will also have bottled water and a selection of light snacks available to keep you refreshed.

If you or anyone attending your session have any dietary restrictions, allergies, or specific preferences, please let me know ahead of time so I can plan accordingly and ensure everyone has what they need. Your comfort is my priority, and I want your experience to be as smooth and enjoyable as possible!

## OUR *FURRY FRIENDS*

I wanted to mention that we have two friendly dogs and a cat on our property. While they are not allowed in the studio during your session, they may be nearby outside. If you have any concerns or if you'd prefer to keep them away, just let me know, and I'll make sure they are kept away from the studio during your visit.

“NOTHING MAKES  
A WOMAN MORE  
BEAUTIFUL  
THAN THE BELIEF  
THAT SHE IS  
BEAUTIFUL”

- *SOPHIA LOREN*

## GETTING *READY*

In the weeks leading up to your session, take some time to indulge in a little self-care. This is your moment to feel your best, so treat yourself to some quality “me time.” Schedule a hair appointment about a week before your session for a quick refresh, and consider getting a manicure the day before to add that polished touch. Make sure to prioritise rest, stay hydrated, exfoliate, and moisturise your skin regularly—these simple steps will have you looking and feeling radiant.

While we want you glowing, it’s best to avoid prolonged sun exposure or spray tans, as these can create uneven tones or overly intense highlights in your photos. Additionally, steer clear of harsh skincare products that might irritate your skin or cause breakouts. That said, if a blemish happens to appear on the day of your session, don’t worry—I’ll take care of it in the editing process.

## THE *WARDROBE*

*What you choose to wear at your session is up to you.  
Glamorous, fantastical, grungy or elegant: it's your choice!*

During your consultation, we’ll discuss what kind of portrait session you’d like, how you’d like to be photographed, and what you’d like to wear. With access to my client wardrobe, you’ll find an array of crowns, elegant dresses, jackets, and flowing draping fabrics to create the look you’ve always dreamed of. You’re also welcome to bring your favourite pieces from your own wardrobe, allowing us to create a personal, one-of-a-kind experience.

## THINGS TO *BRING*

For a flawless, seamless look during your session, I recommend bringing the following essentials with you:

- Skin-toned strapless bra (or a bra that fits the style of your outfit)
- Skin-toned underwear
- Nipple covers/pasties (for added comfort and to ensure smooth lines)
- Touch-up essentials (lipstick, gloss, balm—anything to keep your look fresh throughout the session)
- Hairbrush or comb (for any final touch-ups)
- Personal accessories (if you have any favorite pieces you’d like to include, such as jewelry, scarves, or hats)

These little details will help ensure you feel comfortable and confident throughout your session. If you have any questions or are unsure about what to bring, don’t hesitate to reach out—I’m happy to guide you!

## THE *SESSION*

*It's showtime!*

The day of your dream session has arrived - woohoo! It’s time to relax and be pampered while you have your dream portraits taken.

If you’re opting to have your hair and makeup done at the studio, please ensure you arrive with clean, dry hair and a clean/makeup free face.

Your session will go for up to two hours and light refreshments will be provided.

## THE *REVEAL*

After your session the very best photos will be professionally retouched and a couple of weeks after your portrait session you get to come back to my studio to see your gorgeous portraits. We will go through them together and I will help you to select the ones you’d like to purchase.

*You only purchase the images you love  
and there is no obligation to buy.*

I offer a digital collection, folio box collections, single image wall art and montage (multi-image) wall art.

With every print you purchase in a collection or alongside it, you will receive a matching digital file for you to share with your friends and family as well as for social media.

# MEET THE *PHOTOGRAPHER*

*I invite you to a personalised portrait session with me!*

For over a decade, I've had the honour of capturing life's most meaningful moments. Of all the sessions I've done, the ones that inspire me most are those where I get to photograph women. These sessions aren't just about taking beautiful photos—they're about celebrating *you* and your unique story.

Imagine an experience where you feel confident, radiant, and seen for who you truly are. My goal is to create a space where you can let your guard down, embrace your beauty, and walk away feeling empowered. Whether we're documenting the wonder of pregnancy, the magic of motherhood, or simply capturing you as you are, I want these moments to become cherished memories, preserved forever in stunning portraits.

I understand how busy life can be, so I take care of every detail—from planning the session to delivering your final images. During our consultation, we'll discuss your vision, wardrobe options, and how to make this session truly reflect your personality. On the day of your shoot, you'll be pampered and guided every step of the way to ensure you feel at ease and confident in front of the camera.

When I'm not working with incredible women like you, I'm a wife and mum of three amazing kids. I'm also a big fan of bold earrings, cozy movie marathons (Lord of the Rings, anyone?), and sharing belly laughs with loved ones.

Let's create something extraordinary together. To schedule your consultation, email me at [info@photodesignbyhannah.com](mailto:info@photodesignbyhannah.com). Take a look at my work and get inspired by visiting [www.photodesignbyhannah.com](http://www.photodesignbyhannah.com), or follow along on Facebook and Instagram for more.

Your story deserves to be told beautifully, and I can't wait to help you tell it.

# PRICING & *PACKAGES*

*Book your personalised session for \$200*

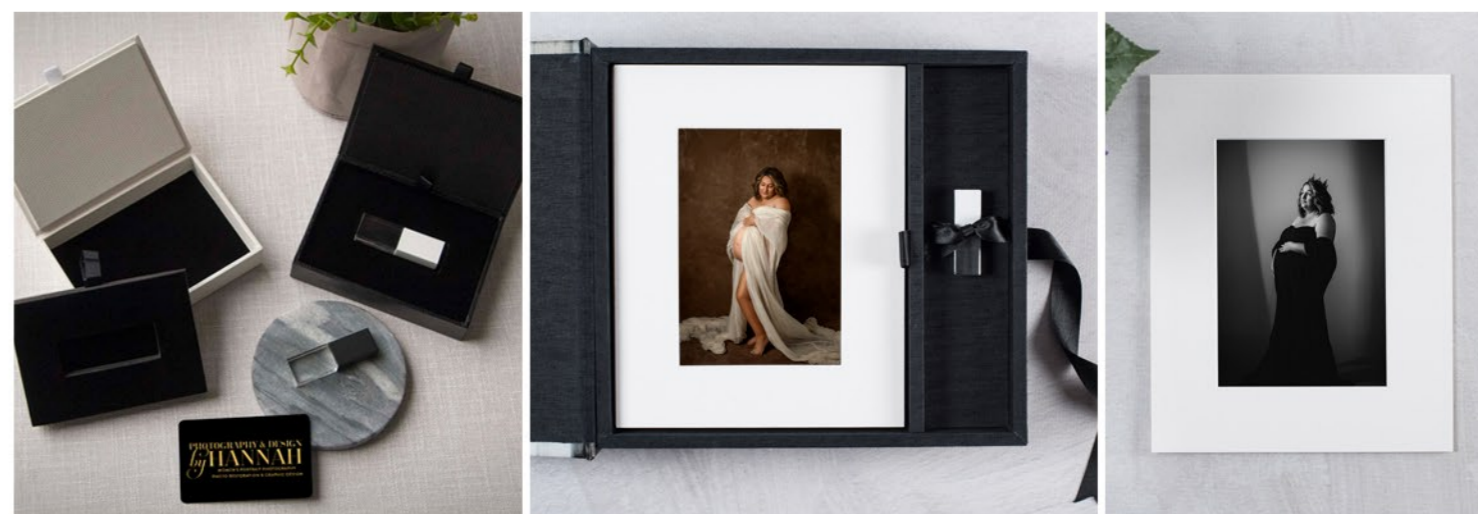

This fee includes a pre-consultation discussion, a customized photography session, access to my ever growing client wardrobe plus a reveal/order session. What you choose to buy is completely up to you. I want you to have photos of yourself that you absolutely love!
